Curriculum Intent Statement

Criminology

<p>Whole School Curriculum Intent Statement</p>	<p>The MFG's seven-year curriculum:</p> <ul style="list-style-type: none"> - is constructed around RITA values to enhance character and cultural capital. - is coherently sequenced to build knowledge and skills for future learning and employment. - is challenging and inclusive to meet the personal development needs of all students. - explicitly teaches vocabulary, oracy, and reading to ensure lifelong learners.
<p>Subject Curriculum Intent Statement</p>	<p>Our challenging and inclusive curriculum aims for students to become knowledgeable about crime, culture and diversity and build the character required to understand challenging concepts and points of view, including those which may be in opposition to some of the RITA values.</p> <p>The coherently sequenced curriculum ensures that students are first able to understand what crime means before they challenge why it is committed and the best ways for society to tackle it. Learning to develop empathy for some perspectives supports the personal development of students as they strive to become global citizens. Criminology exposes students to a wide range of literature which promotes the use of legal and sociological vocabulary and students are encouraged to read beyond the specification.</p> <p>The skills and knowledge explored aim to support students in their access to future learning and employment with the fields of criminal justice or social sciences.</p>
