FGC (Family Group Conferencing)	Family Group Conferencing (FGC) is a process that empowers a family to make safe plans and decisions about their children and young people. The aim of the plan is to identify solutions for the issues that a family is facing. The family play a major part in identifying who they feel could make up their own support network.	Who can I refer? There are three things to consider when referring for a Family Group Conference: 1. There is a wider family network that is willing to get involved 2. There are important decisions which need putting into a plan. 3. The family want the conference and they are ready to make changes. It's the family's choice. An FGC will only go ahead if the family agrees to it. For more information on how to access this service, please contact: Email:
	The whole process is family led. An FGC can be used in many situations. Here are some examples: • Children are at risk of being looked after by the local authority. • Anti-social behaviour is a problem. • Improving school attendance – reducing risk of exclusion. • Contact between parent and child. • Family relationships breakdown and impacts on the child/ren.	earlysupportmanagementsupport@kirklees.gov.uk Tel: 01484 45682

Step 2 - We'll need some
information
To receive a support pack
we'll need to ask your
referrer some questions
about why you need our
support.
We know this can be a
difficult time but we are here
to help. Providing us with the
information we need makes
the process quicker.
We'll ask about your dietary
needs, how many people are
in your family and what
cooking facilities you have.
We can make your packs right
for your needs.
 If you have allergies or don't
like something please let us
know.
Step 3 - Collect your packs
Packs can be collected from
