

BTEC MEDICAL SCIENCE

OVERVIEW

The core and specialist medical science knowledge, understanding and skills that students develop create a good foundation for transition to related degrees. Skills such as critical thinking and independent learning help students to be better prepared for the self-directed learning approach used in higher education and become more openminded to learning. Research skills, in combination with the other transferable skills, create a strong foundation for academic success.

ENTRY REQUIREMENTS

Grade 4 in GCSE English Language and Grade 4 in GCSE Mathematics, with Grade 4, 4 in GCSE Combined Science.
