

# Locala Speech and Language Therapy

---

## Drop in Sessions

Our Speech and Language Therapists work with children aged 0-18 years who have communication and/or eating and drinking difficulties.

**Parents and carers now need to attend a drop-in session to make a referral to our service.**

These sessions are aimed at supporting parents and carers in making the referral and in using the Share App to access support while you wait to be seen.

Please just turn up, no need to book.
